About

I am a Computer Science graduate with a year of experience in SAP UI5, specializing in frontend development with technologies like JavaScript, React, and RESTful APIs. An analytical problem solver with a strong background in both frontend and backend technologies, I thrive in team environments. Fluent in multiple languages and eager to embrace new challenges, I am well-equipped to contribute effectively to dynamic projects.

Experience

Junior Software Developer

Mar 2022 – May 2023
